Parents/Guardians,

Thank you for all the Immunization records received over the last couple of days!
We appreciate it very much!

There are still some records outstanding which will need to be collected by the end of the school day today. The state mandates schools to exclude students without **documented** complete immunization records, **documented** religious objections or **documented** medical contraindications.

We regret to inform parents who have not submitted the requested records that their student will not be able to attend school on **Monday, October 15th** and further excluded until the information has been submitted.

The Montgomery county health department suggests calling the Immunization Outreach office at 240-777-1050 for parents having difficulty obtaining immunizations for their child.

If you have any questions please contact the school nurse, Jennifer Danticat, at nurse@taprep.org.

Thank you
